UNIQ HANGER

A different way to hang wall decorations

In some spaces, it either isn't possible or desirable to use a hanging rail. The Uniq Hanger offers a solution for these situations. Not only is it easy and safe to hang a picture frame on the wall and easily adjust the height, but it also creates a certain look. The combination of the stainless steel button with the steel wire might result in just the look you want to create in an interior. You also have the option of fully concealing the system behind your photo frame or painting.

Hanging a frame without a rail

The Uniq Hanger consists of a wall fitting with cover, Twister 1 mm steel wire and a Micro Grip 1 mm suspension hook. It's easy to insert the steel wire in the wall fitting, and then just slide the stainless steel cover over this. After you slide the Micro Grip 1 mm over the steel wire, you can adjust the height.

The Uniq Hanger may also be used with perlon hanging wires.
