installation video

The Info Rail is the ideal display system for displaying cards, posters, drawings and photos on the wall. Thanks to the Info Rail, you can create a tidy, orderly display of your documents. This system means no more damaged walls from thumbtacks, tape and so on, and changing drawings or posters is fast and easy. This hanging system has become particularly indispensable in classrooms and school corridors. The Info Rail is also an ideal system for displaying or sharing information at home and the office.

### Easy assembly thanks to clips

The Info Rail has been developed for hanging documents using a triple rubber clamping mechanism in the rail. Paper from 80 g to cardboard 2 mm thick can be firmly clamped into the rail. After mounting the Click & Connect clips to the wall, it's easy to attach the Info Rail to the clips. Available in different lengths, the Info Rail is easy to link to other Info Rails or shortened. Whether you want to display photos or drawings or keep recipes within easy reach, the Info Rail offers the solution.

### Info Rail *me* - personal and organised

The me-clip adds an extra personal and beautifully designed element to the Info Rail system. A name can be added to the contents of the clip. A great solution for the perfect presentation and communication tool. The clip is always adaptable and always keeps its 100% quality appearance, no matter how often the clip is used. It's handy, and directly and rapidly adaptable thanks to Info Rail's smart, flexible properties.

### Clip Hanger voor Info Rail

With a simple click, the Clip Hanger is attached to the Info Rail, allowing a craft project to be hung up. In combination with the meclip, art creations can be presented in a fun and personal manner.
